Piecing: All seams are 1/4" unless noted.

Tip for aligning patches for sewing: When you have 2 patches to be sewn together and they are sloped at opposite angles, they are correctly aligned when they meet at the 1/4" seam line as shown at right. When you have 2 patches to be sewn together and only one is sloped at an angle, they are correctly aligned when they meet 3/8" from the edge as shown at far right. However, sew them together with a 1/4" seam.

1. Sew the long edge of a 3³/₈" Fabric A triangle to short edges of each B, C, D and E Template 1 triangle, using tip above to align pieces and pressing seams away from A.
2. Similarly, sew the long edge of a 2³/₈" Fabric A triangle to short edges of each B, C, D, E and F Template 2 triangle, using tip above to align pieces and pressing seams away from A.
3. Referring to the diagram, sew the 4 units from step 1 together, pressing seams toward large triangles. Similarly, sew the units from step 2 together.
4. Arrange the segments from step 3 alternately with the 2" x 12¹/₂" Fabric A pieces. Sew together as shown, pressing seams toward 2" strips.
